R&I Bulletin — 1 December 21
Grants Advice team

Grants Advice	Pre-award/ Project Registration	Post-award/ R&D Governance	NIHR GOSH BRC Funding

Please note that all research funding applications must be registered with R&D at **least 15 days before the funder deadline** to get costings and approvals in time for the deadline.

UK Research and Innovation

International collaboration to address antimicrobial resistance
Funder Deadline: 08 March 2022 (4pm)
Internal R&I Deadline: 15 February

Apply for funding to develop or improve drugs or plant protection agents to help:
- treat bacterial or fungal infections
- reduce the spread of resistance to drugs.

Maximum award of £250,000 .
Standard MRC eligibility applies.
You should be based at a research organisation eligible for MRC funding.
You must apply as part of a consortium of transnational partners.

UCL

LMS Research Capital Equipment Fund Call (CEF4)
Funder Deadline: 18 January (5pm)
Internal R&I Deadline: 28 December

This funding is intended to support purchase of strategically important research capital equipment. We expect many of the successful applications to be for major equipment that will be managed within multi-user facilities such as the UCL Science Technology Platforms or within other existing Core Facilities.
Applications are expected to be in excess of £50k.
Awards will support equipment purchase, installation, shipping and standard warranties. Ineligible costs include (but are not limited to) extended warranties, training, consumables, maintenance contracts and estates costs. All equipment purchased through CEF4 must be on site no later than 31 July 2022. Any equipment delivered after this date may risk having its CEF4 support withdrawn.

NIHR Great Ormond Street Hospital Biomedical Research Centre

Pathology and Histology Support Service - Call for Projects

The department of histopathology offer histology and pathology support for research projects across GOSH and GOS ICH. A dedicated support for research projects related to the Advanced Treatments for Structural Malformation and Tissue Damage Theme is available. We run a partial cost-recovery model depending on the theme and specific work needed. For all enquires please email Research.Histo@gosh.nhs.uk

RCPCH | NIHR National Institute for Health Research

Associate Principal Investigator (PI) Scheme

The RCPCH is now an endorsing partner of the NIHR Associate Principal Investigator (PI) Scheme. The Associate PI Scheme aims to develop doctors, nurses and other health professionals to become the PIs of the future.

If you would like to get involved, either as a prospective Associate PI or a study lead, please visit the funding page link in the title.

NHS Health Research Authority

HRA Now: Webinars for combined review
When: December 2021

Combined review comes into effect for all Clinical Trials of Investigational Medicinal Products (CTIMPs) from 1 January 2022. Combined review is where a single application for both Clinical Trial Authorisation and Research Ethics Committee (REC) opinion is made. From January 2022 it will be the only way to submit CTIMPs to MHRA and REC. Applications are completed and submitted in a new part of IRAS.

To support this change, the HRA are running a series of free, live webinars during December and January. They are designed for different user groups involved in CTIMPs and will provide an overview of upcoming changes . The webinars will be recorded and a version will be made available for anyone who cannot attend a live session.

How to book
Please log onto the Learning Management System (LMS) to view dates and book your place. It is free to register.

NIHR National Institute for Health Research

How to incorporate Equality Diversity and Inclusion (EDI) in Patient and Public Involvement (PPI) Webinar
Wednesday December 1 2021, 2:00pm-3:30pm

The webinar is aimed at all researchers and will focus on why EDI is crucial in PPI, the barriers to applying EDI in PPI and how to overcome them. The webinar will also offer practical guidance, tips and resources on how to adapt a PPI programme to incorporate EDI successfully.
Please see the registration page (link in the title) for further details.

MSc Student Projects

All student projects **MUST** be registered with the R&D Office, and PIs should complete the Student Registration Form to register.

However, if you are hosting an MSc student on a project that is currently open, and has all necessary approvals in place, please complete the MSc Student Registration Form. This is a simplified form that will append your student's details to your existing project record and R&D number.

If your student is planning **NEW** work that will require additional approval, an amendment etc., please use the full Student form.

The forms can be downloaded from the right hand sidebar at:

Registering a project or funding application | Great Ormond Street Hospital (gosh.nhs.uk)

NIHR National Institute for Health Research

Pain management for children and young people (0-19 years)
Funder Deadline : 04 May 2022

interested in proposals for the evaluation of interventions for the management of all types of pain in children and young people (0-19 years). Applicants should clearly define and justify their choice of patient group (including the specific age range), study design and outcome measures, and explain how the research will fit into the remit of the HTA Programme.

Christmas Closure Dates for ICH

Research & Innovation Services will close at 5pm on Thursday 23rd December 2021 and will re-open at 9am on Tuesday 4th January 2022. Please note the below RIS deadlines:

Funder Deadlines:	**Friday December 24th 2021 – Tuesday 4th January 2022 (inclusive)**
Locally approved Worktribe with RIS:	Wednesday 15th December 2021 (close of business)
Final Application with RIS:	Tuesday 21st December 2021 (close of business)

If you have any questions please contact both your Research Finance Officer (Sabine Austine) and the ICH Grants Team (ich-costing@ucl.ac.uk)

Useful contacts
Project registration and pre-award queries: email Ellen or visit Research registration webpage.
Grants Advice service: for support with grant applications email Grants Advice or visit Grants Advice webpage .
Clinical Research Adoptions Committee (CRAC): to conduct clinical research that is unfunded and not peer-reviewed, you need to apply to CRAC for review. To apply, please visit CRAC webpage for the form and guidance.
Research Governance enquiries (incl. ethics, R&D approvals and research passports) email Research Governance or visit Research Governance webpage for information.
Commercial Contracts and Industry collaborations email Vanshree Patel or email UCLB Senior Business Manager David Phillips or Business Manager Dominik Leisi
Patient Public Involvement (PPI) Support: email research.ppi@gosh.nhs.uk

NIHR Great Ormond Street Hospital Biomedical Research Centre

Please acknowledge the BRC in your publications! NIHR GOSH Biomedical Research Centre has provided important infrastructure funding for research at the GOS ICH and GOSH, since we were first awarded BRC-status in 2007. This research infrastructure **contributes to all research that goes on at the ICH and GOSH**, and it is very important that it is acknowledged in all our publications, including conference and meeting abstracts. Full details of how to acknowledge the BRC can be found on the webpage.
